

Sunday
7 February 1982

Dear Jean,

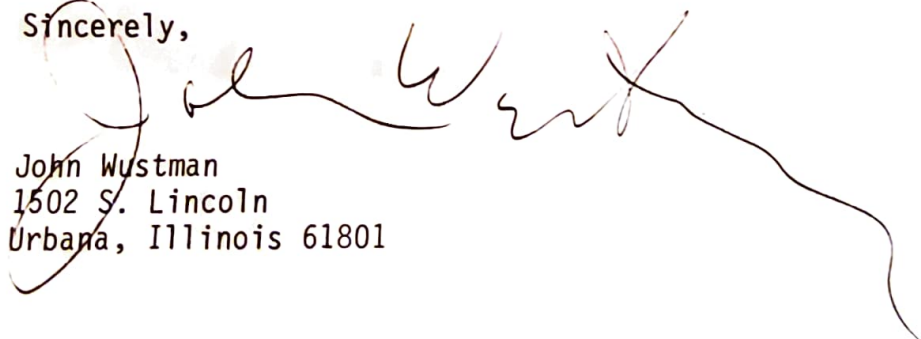

Thanks so much for writing and asking me to take part in this celebration.

Please keep me informed of the Fellowship and the Convocation. I am truly interested.

We now have three faculty members in our accompanying division and we are totally independent of the piano, voice, and all other departments. I am convinced it is the only way to make it work. I hear too many times of the accompanying department failing because it is run by the piano department, etc.

Much good luck to you with yours.

Sincerely,

John Wustman
